APPENDIX A: GUIDELINES WITH RESPECT TO THE CONDUCT OF NATIONAL EXECUTIVE MEETINGS

To conduct any meeting in an effective and productive manner, whether it is a Union meeting or any other business, it is imperative that all items placed on the agenda be well researched so as to provide all of the necessary information and documentation to those officers who have decision-making powers. One other and most important aspect of this research is, of course, to enable the officers responsible to the National Executive and to the membership to make recommendations on the agenda items.

In the past, it has been our experience that, in most cases, a meeting would have been more effective and productive had all concerned been given all relevant information to better prepare themselves. Not having this documentation results in excessive time devoted to discussions, questions etc., as most National Executive Officers are not aware of the reason for the item being placed on the agenda, the problem or problems that may exist, the effects it may have or the corrective action that needs to be taken.

The National Office is called upon to provide many answers and/or information at such meetings, which answers and/or information is available to us in our files, at least in most cases. Unfortunately, we are not given the opportunity to assemble the necessary information and documentation in many instances, and some questions are answered vaguely or not at all. Some decisions are made without the necessary data available, which creates serious difficulties thereafter.

In some cases, a simple exchange of correspondence with other members of the National Executive and/or National Officers could provide the answers and information necessary. Should this fail, the matter would be placed on the agenda of a National Executive meeting. Otherwise, rather than formulating policy and dealing with matters of service-wide import, we are involved in a question and answer exercise.

Our National Executive meetings should be considered as mini-conventions. Let us look at them as such and apply the following guidelines, which can only result in more effective and productive meetings:

- A deadline date will be established for the submission of items on the agenda. Each item submitted will be accompanied by all of the necessary information and documentation available as well as the reasons for placing it on the agenda. If at all possible, the corrective action suggested or sought will be included.
- Any late submitted items, as well as additions to the agenda, will be accepted, subject to approval of the majority of National Executive Officers present at the meeting. By this we mean that the reason or reasons for not having placed the items on the agenda within the prescribed time will be considered as valid by the majority of National Executive Officers present as well as the necessity of dealing with it at that time.
- The National Office will forward a complete agenda file to all National Executive Officers prior to the starting date of the National Executive meeting.

Appeal Procedure

11. (a) A decision to implement disciplinary action under the provisions of Sub-Sections (1) or (2) of Section 25 of the Constitution, the applicable Regional Council, Component, Local or Regional Committee By-Laws may be appealed to a tribunal empowered to hear appeals. Canadian Labour Congress, as determined by the AEC. The appellant shall not be a member of the Appeal Tribunal. The representative of the appropriate PSAC body must not have a conflict of interest in the outcome nor have been involved in the process or the decision to suspend.

(c) The decision of the Tribunal shall be final and binding on all parties to the appeal.

(b) The expenses of the member of the Tribunal appointed by the appellant, including any per diem or salary required, shall be borne by the appellant.

(c) When a PSAC Regional Council or Component/Local takes disciplinary action against a member and an appeal is lodged with the Public Service Alliance of Canada, the PSAC Regional Council or Component/Local member of the Tribunal will be appointed by that Regional Council or Component/Local, and the Regional Council or Component/Local will be solely responsible for his/her expenses.

(d) Each party shall normally be responsible for any expenses incurred as a result of testimony from any witness they wish to call. However, where the appeal is upheld, the appellant may, in extenuating circumstances, request full or partial payment of reasonable expenses incurred by witnesses for the appellant. Such expenses, whose reasonableness shall be determined solely by the National Board of Directors, shall be paid by the applicable level of the Public Service Alliance of Canada.

APPENDIX F: UCTE LOCALS IN TRUSTEESHIP GUIDELINES

INCOMPLETE LOCAL EXECUTIVE

The Union of Canadian Transportation Employees (UCTE) By-Law 4, Section 3, a) has a requirement for local executives to be composed of not less than three (3) officers who shall be a President, a Vice-President and a Secretary-Treasurer. When a Local fails to elect the three required positions or when a member of the Local Executive holding one of these three positions steps down, there must be a review to determine whether the Local must be put into Trusteeship.

PROCESS TO BE FOLLOWED

1. The Regional Vice-President (RVP) must inform the UCTE National President immediately upon a Local becoming non-compliant with By-Law 4, Section 3. The RVP must include a report outlining why the Local is in non-compliance along with a recommendation for Local status.
2. The National President shall determine a time frame to allow the Local to become compliant with By-Law 4, Section 3. The National President shall give due consideration to the specific circumstances of each Local not in compliance to determine the appropriate time frame; for example, to allow Locals who are seasonal in nature the opportunity to fill the vacant position(s), Locals in process of collective bargaining or Locals facing unique situations. This time frame is not to exceed one (1) year. The National President will inform the Regional Vice-President of the time frame for the Local to become compliant.
3. Should the Local not be able to put together an Executive, the National President will direct that the Local to be put in Receivership and advise the RVP immediately who will advise the Local. The National President will report this to the National Executive at the next meeting, either at the conference call or face to face meeting whichever comes first. The National President will advise the UCTE Finance Officer to withhold the Local dues and hold all funds in Trusteeship. The UCTE Finance Officer will liaise with the appropriate banking institution to freeze the bank account and remove all Local signatories.
4. As per By-Law 4, Section 2, b) the RVP shall service the members of Locals that are not in good standing. The funds being held in trusteeship shall be made available to the RVP to defray any expenses incurred for representation.
5. For the RVP to access these funds, a written request must be made to the National President to release the funds needed along with a summary of how these funds will be spent. The Regional Vice President must keep a record of all monies spent and the information provided to the Local upon its re-activation.

FAILURE TO PROVIDE ANNUAL AUDITED STATEMENTS

By-Law 10, Section 2 c) requires Locals to submit their annual audited statement before April 1st of each year. Failure to provide the annual audited statement results in withholding Local membership dues. This ultimately results in the loss of delegate status to UCTE Triennial Convention as per UCTE By-Law 9, Section 9 c). The National President has the authority to exercise discretion prior to removing delegate status to address extraordinary circumstances.

Where there is loss of delegate status to the UCTE Convention, there should be an automatic review to determine whether the Local should also be put into Trusteeship. The process to be followed is the same as above.
